

TABLE 2—REGISTRANTS REQUESTING VOLUNTARY CANCELLATION—Continued

EPA Company No.	Company Name and Address
010807	AMREP, Inc., 990 Industrial Dr., Marietta, GA 30062.
034704	Cherie Garner, Agent For: Platte Chemical Co., Inc., Box 667, Greeley, CO 80632.
043854	Lange-Stegmann Fertilizer Co., No.1 Angelica St., St. Louis, MO 63147.
044446	Quest Chemical Corp., 12255 F.M. 529 Northwoods Industrial Park, Houston, TX 77041.
048498	CMR Creative Marketing & Research Inc., Box 5317, Fresno, CA 93755.
064864	Pace International, L.P., Box 558, Kirkland, WA 98083.

### III. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation must submit such withdrawal in writing to James A. Hollins, at the address given above, postmarked before August 10, 1998. This written withdrawal of the request for cancellation will apply only to the applicable 6(f)(1) request listed in this notice. If the product(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling. The withdrawal request must also include a commitment to pay any reregistration fees due, and to fulfill any applicable unsatisfied data requirements.

### IV. Provisions for Disposition of Existing Stocks

The effective date of cancellation will be the date of the cancellation order. The orders effecting these requested cancellations will generally permit a registrant to sell or distribute existing stocks for 1 year after the date the cancellation request was received. This policy is in accordance with the Agency's statement of policy as prescribed in **Federal Register** (56 FR 29362) June 26, 1991; [FRL 3846-4]. Exceptions to this general rule will be made if a product poses a risk concern, or is in noncompliance with reregistration requirements, or is subject to a data call-in. In all cases, product-specific disposition dates will be given in the cancellation orders.

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation action. Unless the provisions of an earlier order apply, existing stocks already in the hands of dealers or users can be distributed, sold or used legally until they are exhausted, provided that such further sale and use comply with the

EPA-approved label and labeling of the affected product(s). Exceptions to these general rules will be made in specific cases when more stringent restrictions on sale, distribution, or use of the products or their ingredients have already been imposed, as in Special Review actions, or where the Agency has identified significant potential risk concerns associated with a particular chemical.

### ENVIRONMENTAL PROTECTION AGENCY

[FRL-5965-4]

#### Notice of Proposed Settlement; ICG Iselin Railroad Yard Superfund Site

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of Proposed Settlement.

**SUMMARY:** Under section 122(g) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), the United States Environmental Protection Agency (EPA) proposes to enter into a "prospective purchaser agreement" (PPA) concerning the ICG Iselin Railroad Yard Superfund Site (Site) in Jackson, Tennessee. EPA proposes to enter into the PPA with the Tennessee Wildlife Resources Agency (TWRA), an agency of the State of Tennessee. The PPA concerns TWRA's purchase of certain real property lying adjacent to the Site.

The real property in question consists of approximately 355 acres, approximately 290 of which are former wetlands and bottomland hardwood forests which have been converted to farmland. This property is located between the Site and the Forked Deer River and lies almost entirely in the floodplain of that river. Pursuant to State authorities, TWRA desires to purchase the property, to restore the property to its original condition as wetlands and bottomland hardwood forests, and to manage the property in perpetuity solely for purposes of preservation, including any complementary educational and recreational uses which are passive and noncommercial.

Pursuant to the PPA, TWRA will be protected from CERCLA liability which may result from TWRA's purchase of the property described above. This protection is contingent on TWRA's management of the property as described above.

EPA will consider public comments on the proposed settlement for thirty (30) days. EPA may withdraw from or modify the proposed settlement should such comments disclose facts or considerations which indicate the proposed settlement is inappropriate, improper or inadequate.

Copies of the proposed settlement are available from: Ms. Paula V. Batchelor, Waste Management Division, U.S. EPA, Region 4, Atlanta Federal Center, 61 Forsyth Street, S.W., Atlanta, Georgia 30303-8909, 404-562-8887.

Written comments may be submitted to Ms. Batchelor within thirty (30) calendar days of the date of publication.

Dated: January 22, 1998.

**James T. Miller,**

*Acting Chief, Program Service Branch, Waste Management Division.*
